Principal's Message

ASSEMBLY

Congratulations 2/3 Husky on a wonderful assembly item or should I say assembly items yesterday. Your series of plays adapted from some well-known fairy tales certainly had the audience entertained. I think we also discovered some budding actors with a big future. The charming Prince Kegan looked very comfortable dancing with Cinderella, usually known as Kristie. Sebastian as little Red Riding Hood wasn’t afraid of the Big Bad Wolf Luke. He was rescued by the wood chopper Thor. Atali as Goldilocks ate all the porridge and fell to sleep, while Sage couldn’t blow down the house of bricks made by one of the three little pigs, no matter how hard she tried. Congratulations to everyone in 2/3 Husky, you were all stars. Mrs Raymer was very proud of you.

‘SUPERSTARS’ CERTIFICATES

It has been very pleasing as Principal to award at assembly ‘Superstar’ certificates to the following students who have earned five class merits for showing the values of the ‘Husky Stars’.

Congratulations to
Alara, Jackson and Millie from K Roxy
Jake and Olivia from K/1 Sunny
Keshna from 1/2 Diamond
Charlie, Zac, Dakota, Kristie, Sebastian, Sophia, Eyrka and Alira from 2/3 Husky
Grace, Kai, Serena and Belle from 3/4 Thunder

PROFESSIONAL EXPERIENCE STUDENTS

This week we welcomed Mr Stevenson and Mr Opalnuik from Wollongong University (Shoalhaven Campus) to the school. They have been placed on Class 2/3 Husky under the expert guidance of Mrs Raymer and Mrs New.

 SENIOR GALA DAY

Last Friday our seniors, plus a few enthusiastic Year 4’s from Mr Vidler’s class, participated in the Senior GALA Day. All schools from the Bay and Basin participated in an enjoyable day of soccer or netball. Apart from a brief sun shower the students were treated to a beautiful winter’s day. Mrs Domazar was very pleased with how the students from Husky participated and played fairly. Thank you to the parents who supported our school on the day.

PLASTIC WORKSHOP

Yesterday Inca and Jane came to the 5/6 classroom to talk about plastics. Before we left we made a memorial for all the animals that died. We made flowers and planted them in the garden. They gave us an assignment about micro-plastics, so we went down to the beach and did an experiment about it. After we did that we headed back to class and looked at the micro-plastic under a microscope and there was a lot of it. Inca and Jane had to go but before they left they showed us how oysters filter water under a microscope then the bell rang and we had to leave.

WE ARE PROUD TO ACKNOWLEDGE ABORIGINAL PEOPLE AS THE TRADITIONAL OWNERS OF THESE LANDS AND WATERS
KEEP HUSKY BEAUTIFUL CAMPAIGN

After the workshop on plastics Joshua from 5/6 was inspired to launch the ‘Keep Husky Beautiful Campaign’. Joshua will be looking for volunteers to join his team of environmental warriors. They will be equipped with buckets, gloves and callipers to pick up any litter found in the school grounds. It will be a once a fortnight campaign.

Well done Joshua!

Finally prospective Kindergarten parents are beginning to enquire about enrolling for 2016 at our wonderful school. What has been very pleasing has been the positive comments and feedback I have received after giving the parents and students a tour of our school. I have been able to walk into any classroom and be greeted by a ‘Husky Hustle’ or students engaged in meaningful, authentic learning. Well done all staff and students.

Glenn Sansom
Principal

STEPHANIE ALEXANDER PROGRAM MASTERCHEF

This week our 5/6 garden cooking chefs made Kumara, sweetcorn and Kale triangles. Our chefs this week were Molly, Jasmine, Trent and Nathaniel. There was even enough for the staff to enjoy.

Dear: Parents and Carers

I am starting a new campaign called Keep Husky Clean and I am the manager of the campaign. Your children are welcome to join the campaign but only 5 students are allowed so I am doing a test for the students.

I will give them sections of the school that need to be cleaned and a quiz. The 5 students who pass the test will be in the team. I will look out for the team and guide them.

The team is helping Carmen the cleaner clean the school.

The team will clean the whole school for the rest of the year, but we only do it fortnightly.

Thank you, Joshua

Student Free Day - Student Care Available

Out of School Hours Care (OSHC) is available on Monday July 13 (student free day) for up to 15 students. Please refer to the P&C information that has been sent home with your children.

Note that places can only be confirmed with receipt of an enrolment form and fees.
